

# FOR SALE

## 1968 Mouette

My loss is your gain! Have had 20' Mouette as project boat for number of years, but finally realizing I just don't have time to spend on restoration. Boat is fast sailer, unique styling. Mast hinged with tabernacle above foredeck and swings into place, so stepping is easy. Sailed it earlier this year and had shroud turnbuckle fail and mast fell sideways, bending hinge, but its welds/rivets held 100%. Mast fine, advised that hinge can be repaired easily by re-bending to original shape. Shroud turnbuckles need replacement.

Hull is watertight but will need to be painted — fiberglass has been professionally repaired where needed. Motor mount added. Heavy duty trailer, very sound, new electrical, but needs to be sanded and painted. Sails in good condition, professionally mended.

Has all wooden doors/covers which is rare. Boat located in La Crosse, WI area. Additional pictures on next page.

**Asking \$350 or best offer.**

All offers entertained, please give it a good home. Thanks.
