

Lasers for Sale

The La Crosse Laser Fleet can help you locate new and used Lasers if you'd like to join our fleet.

We compete every Tuesday evening and you can find Lasers out sailing, recreationally, on other days at the La Crosse Sailing Club throughout the summer.

Decent used boats can range from \$2000-4000 with new boat in the \$5000 range.

We like to say that Lasers have the best fun-to-cost ratio of any boat you could race. Used boats depreciate very, very little so the annual cost is incredibly small.

And Lasers have the best fun-to-hassle of anything on the water (no crew to recruit or train and virtually no maintenance).

For more information contact Mark Kastel: 608-625-2042 or Kastel@mwt.net
